METCHRO

IMAGINING  
WORKING  
SHINING

- Our accessories are made of premium quality 304 stainless steel grade with non-corrosive and non-magnetic properties.
- Our Fenders are made of 430 stainless steel grade using stamping or rolling process for the best performance in the industry.
- Our lights are guaranteed for one (1) year. See our lights & accessories catalogue for details.

### Fender and mounting kit warranty

1. One (1) year warranty on parts.
2. Metchro Products Inc. will replace defective parts with new parts and will incur responsibility of shipping the replacements parts.  
2.1 Cost of labour will be paid consistend to a predetermined amount for the warranted part that is set by Metchro Inc.
3. Chrome and zinc components are not under warranty due to the hard environments they are exposed to.
4. Warranty will only be granted if the fender is properly installed using the Metchro mounting kit.
5. Warranty does not cover damages due to accidents, abuses, mishandling of the parts, improper storage, improper installation or misusage.
6. Metchro Inc. is not and will not be held responsible for any damage or violations that may occur to the vehicle on which a Metchro part is installed. This includes, but is not limited to, paint damage, body damage and law infractions. It is solely the responsibility of the client to ensure that the part is conforming to the vehicles specifications and other laws to which the vehicle must abide.
7. This warranty is applicable only to the original purchaser.

### Truck accessories warranty

1. Metchro products, excluding electrical components, are under warranty against defects in material or manship work for one (1) year from date of installation.
2. Warranty does not cover any labour cost or damages due to accidents, abuses, mishandling of the parts, improper storage, improper installation or misusage.
3. Parts with multiple components, only the defective component will be replaced.
4. This warranty is applicable only to the original purchaser
5. Metchro Inc. is not and will not be held responsible for any damage or violations that may occur to the vehicle on which a Metchro part is installed. This includes, but is not limited to, paint damage, body damage and law infractions. It is solely the responsibility of the client to ensure that the part is conforming to the vehicles specifications and other laws to which the vehicle must abide.

### Sales policies

1. All invoices will be for a minimum of 100\$.
2. All claims for shortage must be made within 10 days of receiving the product.
3. All products are F.O.B. St-Hyacinthe, Québec.
4. Terms are net 30 days.
5. All applicable taxes and charges are in extra to price list.

### Warranty

1. All returns and warranty claims must be done with the Metchro's consent and must have an authorization number.
2. Defective parts must be accompanied with a filled out claim form, the sales invoice and 4 pictures :
  - Picture of the entire truck
  - Picture to see the installation hardware
  - Picture of the problem
  - Picture proving that the rubber inslators were properly installed (Fenders only)

### Return policy

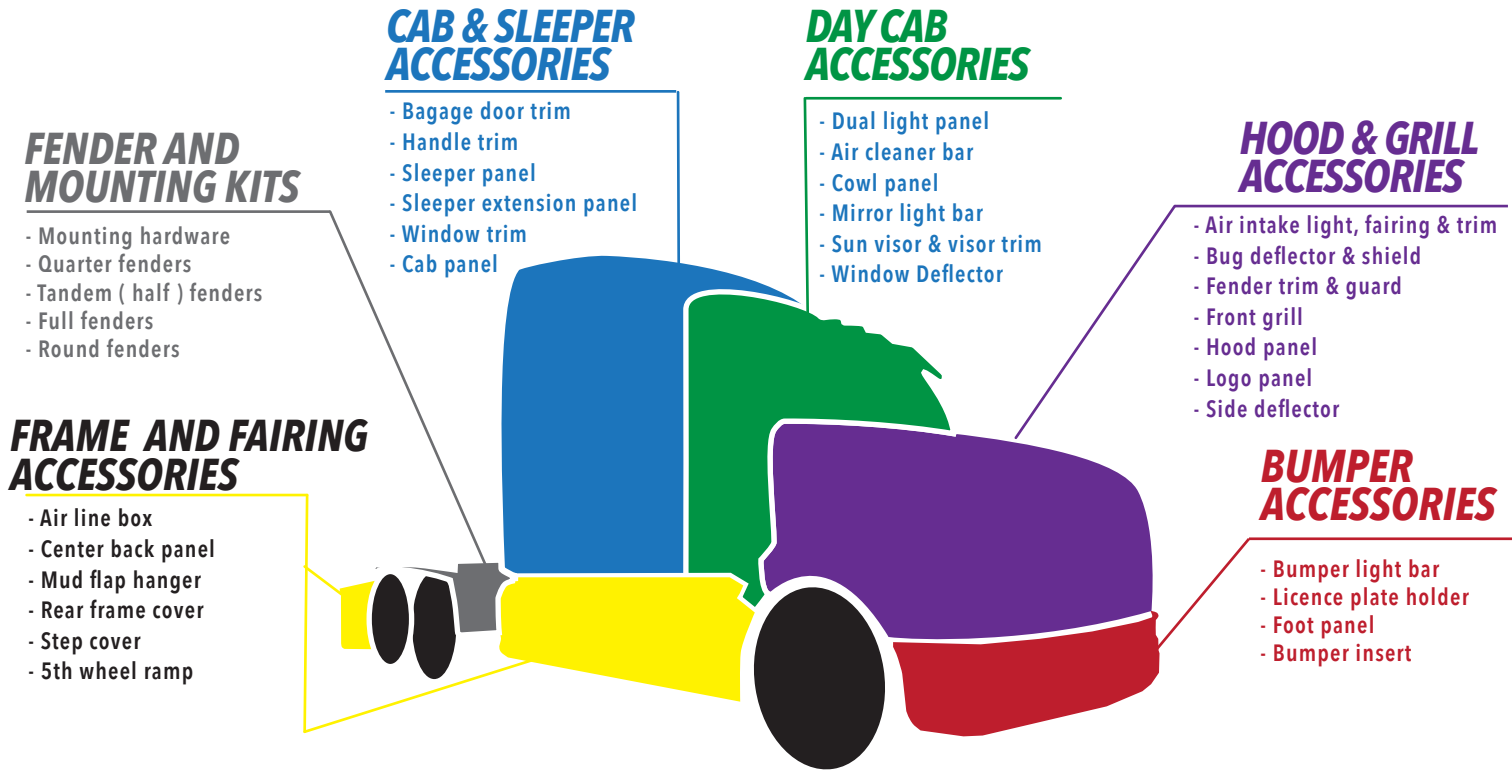

1. All products returned for credit will be subject to a 15% restocking charge.
2. All products must be returned by prepaid freight.
3. All products must be returned in its original package and in a resalable condition.

### SURFACE PREPARATION PROCEDURE FOR STICKING 3M ADHESIVE TAPE

#### IMPORTANT NOTICE : DO NOT USE BRAKE CLEANER TO CLEAN SURFACE

1. The truck should be in a environment having an ambient temperature of 15 to 30 degrees C.
2. Get the surface well cleaned with soapy water. Completely dry the surface.
3. Take a clean piece of cloth (no tissue papers), generously dip in isopropyl alcohol and clean the surface untill there is no firt on the cloth. Let the surface dry out (maximum 5 minutes).
4. Stick the accessory onto the cleaned surface very carefully and press the accessory on the surface with hands. (the accessory will stick instantly).
5. Let the accessory dry for 24 hours for maximum adhesion, before putting the truck in service.

# Metchro Catalog Index

## KNOWING METCHRO'S 7000 SERIES NUMBERING SYSTEM

Each digit gives important information about the part (accessories only)

**S 7 1 5 1 0 0 3**

The "S" prefix means that the product is made with a highly polished stainless steel (304-X10).

The same part number without the "S" prefix will result in a product made with the standard stainless steel (430BA)

This digit represents a custom truck accessory

This digit represents the truck's make :

- |                   |  |
|-------------------|--|
| 0 = Caterpillar   | 6 = Mack   |
| 1 = Peterbilt     | 7 = Volvo  |
| 2 = Kenworth      | 8 = Sterling                                       |
| 3 = Freightliner  | 9 = Universal part that fits most makes and models |
| 4 = International |  |
| 5 = Western Star  |  |

This digits represents the location on the truck where the part is mounted :

- |                               |                              |
|-------------------------------|------------------------------|
| 1 = Bumper accessories        | 6 = Side fairing accessories |
| 2 = Hood & grill accessories  | 7 = Frame accessories        |
| 3 = Cab (outside) accessories | 8 = Trailer accessories      |
| 4 = Cab (inside) accessories  | 9 = Wheel accessories        |
| 5 = Sleeper accessories       | K = Multiple location kit    |

Suffix represents the type of lighting that will be used on the product :

- |         |   |                                      |
|---------|---|--------------------------------------|
| LED     | = | LED no bezel                         |
| LEDB    | = | LED with bezel                       |
| LEDCA   | = | Clear lense with amber LED           |
| LED CAB | = | Clear lense with amber LED and bezel |
| LEDCR   | = | Clear lense with red LED             |
| LEDCRB  | = | Clearlense with red LED and bezel    |
| S       | = | Made of stainless steel              |
| G       | = | Made of galvanized                   |
| P       | = | Powder coated                        |
| R       | = | Reflective tape                      |

These 3 digits identify the part itself

This digit represents how the part is sold :

- |   |   |                       |
|---|---|-----------------------|
| 1 | = | As a single unit (UN) |
| 2 | = | As a pair (PR)        |
| 3 | = | As a kit (KIT)        |
