METCHRO LED LIGHTS: 3 YEAR WARRANTY

METCHRO LIGHTS WARRANTY

1. Warranty is specified in the description section for every light. Warranty begins on the purchase date of the end user.
2. This warranty is applicable only to the original purchaser.
3. Metchro inc. is not and will not be held responsible for any damage or violations that may occur to the vehicle on which a Metchro part is
   installed. This includes, but is not limited to, paint damage, body damage and law infractions. It is solely the
4. responsibility of the client to
   ensure that the part is conforming to the vehicle's specifications and other laws to which the cehicule must abide.
   Warranty does not cover any labour cost or damages due to accidents, abuses, mishandling of the parts, impropoer

SALES POLICIES

1. All invoices will be for a minimum of 100$.
2. All claims for shortage must be made within 10 days of receiving the product.
3. All products are F.O.B. St-Hyacinthe, Québec.
4. Terms are net 30 days.
5. All applicable taxes and charges are in extra to price list.

WARRANTY AND RETURN POLICIES

1. All returns and warranty claims must be done with the Metchro's consent and must have an authorization number.
2. Defective parts must be accompanied with a filled out claim form, the sales invoice and 4 pictures :
   - Picture of the entire truck
   - Picture to see the installation hardware
   - Picture of the problem
   - Picture proving that the rubber inslators were properly installed (Fenders only)

SURFACE PREPARATION PROCEDURE FOR STICKING 3M ADHESIVE TAPE

IMPORTANT NOTICE : DO NOT USE BRAKE CLEANER TO CLEAN SURFACE

1. The truck should be in a environment having an ambient temperature of 15 to 30 degrees C.
2. Get the surface well cleaned with soapy water. Completely dry the surface.
3. Take a clean piece of cloth (no tissue papers), generously dip in isopropyl alchohol and clean the surface untill cloth. Let the surface dry out (maximum 5 minutes).
4. Stick the accessory onto the cleaned surface very carefully and press the accessory on the surface with hands. there is no firt on the (the accessory will stick instantly).
5. Let the accessory dry for 24 hours for maximum adhesion, before putting the truck in service.
